Mogo Mobility

Enjoy Freedom With MOGO

mogo-mobility.com

Experience freedom anew – thanks to the foldable electric wheelchair

Whether meeting friends in nice weather or going on a trip with your partner, mobility is the foundation for this. When people are restricted in their mobility, it can lead to social isolation. At Mogo Mobility our foldable electric wheelchairs enable social participation: they are lightweight, foldable, space-saving to store and can therefore be taken along in cars, buses, trains, taxis or even on airplanes.

Air Hawk / Eagle → Mogo Mobility

Headquartered in Georgia, Mogo Mobility is a well-known American enterprise rooted in the North American mobility industry, serving customers nationwide.

The Air Hawk and Eagle trademarks now belong to our company. Our iconic yellow mobility scooters are popular all across North America. Backed by the profound legacy of these two legendary brands, the series enjoys outstanding reputation and a full nationwide local service network.

Rebranded officially as Mogo Mobility, we carry on this trusted legacy. With premium quality and high-standard service, we deliver people-centered high-end mobility solutions for American users.

Would you like to try out your personal desired model? Simply make an appointment and test your Mogo Mobility during a free trial drive in the comfort of your home.

We look forward to having you!
Your Mogo Mobility Team

MOGO-D37

Travel Light. Move Freely.

Whether you are navigating tight indoor spaces or taking on outdoor trips, the Mogo D37 lightweight power wheelchair offers the perfect combination of independence, comfort, and travel-ready convenience.

Fold Fast. Travel Light. Go Anywhere.

The Mogo D37 folds in seconds into an ultra-compact size, making it easy to store in your vehicle and take wherever life leads. Designed with travel in mind, it offers effortless portability for everyday outings, road trips, and air travel. Simply fold, pack, and go—freedom is always within reach.

MOGO-DC07L

Full Carbon. Pure Freedom.

More than mobility—it's carbon fiber reimaged.

A streamlined carbon-fiber frame brings together lightweight design, refined aesthetics, reliable performance, effortless portability, and everyday comfort. Engineered to move with ease, Carbon Lite makes every journey lighter, smoother, and more enjoyable.

Carbon Strength. Effortless Mobility.

Carbon fiber delivers an exceptional strength-to-weight ratio, creating a frame that is remarkably light yet strong and rigid. Designed for everyday mobility, it offers confident support, dependable performance, and lasting durability—without the burden of unnecessary weight.
